

Consider these opportunities to get your name and your work seen:

Art Competitions!

[Early Bird Incentive! Enter by Mar 15th to get 25% off your entries.](#)

Note: There are many Art Competitions. I am only posting this as a header (because it just came to my inbox as I was creating this post to share – and the deadline is coming up).

Please google Art Competitions for your own search and be sure to do background checks of the competition, rights to your work, google past winners, make sure the entry fee is affordable.

And Scholarships!

The **Creative Talent Network (CTN)** and **Creative Talent Network Foundation (CTNF)** have unveiled the details and submission requirements for their animation and visual storytelling scholarships in 2025. Reflecting the CTN mission of “No Artist Left Behind,” this year’s lineup features 15 dynamic programs — their largest slate of annual awards to date.

The opportunities are 11 discipline-focused scholarships, each in the name of award winning industry luminaries, along with four offerings through the newly launched [International Creative Exchange Program \(ICEP\)](#). These initiatives are uniquely curated to mentor and empower the next generation of young artists across various disciplines. The goal: To preserve, protect, and perpetuate the art of animation and visual storytelling.
